CircleSing Hawaii
april and may

Circle Singing is a community singing tradition, a participatory musical ritual in which singers gather with a leader in the center who invites the singers in the circle to join improvised patterns and create music in the moment. The singing continues for long stretches, creating a rich, deep and joyful experience. We use movement, team conducting, and soloing to add to the depth of our experience. We propose our Circle Sing Hawai'i strives for parity of all kinds. Please bring someone with you to help us make our sessions diverse. All singers welcome.
